PROFESSIONAL SUMMARY

Bilingual analytical professional (Spanish native / English C1) with hands-on experience in financial regulation, regulatory compliance, due diligence coordination, and AI-augmented research workflows. Background spans SFC-regulated financial services, cross-border deal documentation, institutional partner management, and advanced AI systems development including multi-model orchestration and process automation. Academic foundation in Law and Economics with deep focus on financial market structure, M&A regulatory frameworks, and fintech innovation across LATAM, UK, Brazil, and Singapore. Seeking investment research, M&A deal support, or strategic analyst roles where analytical rigor, bilingual capability, and AI-driven efficiency create measurable value.

PROFESSIONAL EXPERIENCE

Financial & Strategic Analyst · Deal Support | Blevine Consulting *Jan 2022 – Present*

Remote · Boutique advisory — LATAM and US mid-market clients

- Supported M&A-adjacent analytical workstreams including target research, competitive benchmarking, market sizing, and deal documentation for technology and financial services clients across LATAM and the US.
- Prepared pitch materials, one-pagers, financial models, and executive presentations for mid-market client engagements — delivering investment-grade documentation under tight deadlines.
- Managed due diligence coordination and deliverable tracking for 20+ institutional partners, maintaining audit-ready documentation and version control across live transaction timelines.
- Built AI-augmented research and analysis workflows using multi-model orchestration (Claude, GPT-4, Gemini) that reduced deal research and reporting cycle times by approximately 40% while maintaining accuracy and quality standards.
- Developed financial models including scenario analysis, margin sensitivity, and revenue projections in Excel, used to support strategic decision-making for client engagements.
- Communicated analytical findings to senior stakeholders and institutional counterparties in both English and Spanish, producing board-ready summaries and investment memos.

Junior Operations & Research Analyst | Blevine Consulting *Jan 2019 – Dec 2021*

Remote

- Conducted sector research, competitive analysis, and market intelligence for consulting engagements across financial services, technology, and consumer sectors.
- Supported data preparation, financial modeling, and reporting workflows, implementing QA checks that ensured 100% accuracy on client-facing analytical outputs.
- Digitized and structured internal research databases, improving information retrieval speed and enabling systematic deal sourcing and target screening support.

Legal & Compliance Intern | IRIS CF – Compañía de Financiamiento S.A. *Aug 2024 – Feb 2026*

Medellín, Colombia · SFC-regulated commercial finance company

- Managed and categorized 657 fiscal audit and compliance requirements across operational units — coordinating cross-functional workstreams and delivering structured findings to senior compliance leadership.

- Drafted corporate governance and regulatory disclosure materials under Colombia's Código País framework and Superintendencia Financiera de Colombia (SFC) standards, ensuring zero-error accuracy on all regulatory submissions.
- Coordinated external confirmation letters, W-8BEN-E forms for international counterparties, and shareholder documentation — managing cross-border compliance filings with strict deadline adherence.
- Designed a document automation workflow that reduced processing time from 6 hours to 20 minutes for batches of 50+ documents — a 97% efficiency gain — while preserving regulatory compliance accuracy.
- Supported DCF (Declaración de Cumplimiento Fiscal) verification processes and coordinated documentation with external auditors, gaining direct exposure to regulated financial institution operations.

Legal Research & Regulatory Intern | Universidad Pontificia Bolivariana — Legal Clinic *Mar 2023 – Dec 2024*
Medellín, Colombia

- Drafted legal briefs, administrative petitions, and regulatory filings for clients in proceedings before Colombian government authorities — building systematic exposure to regulatory procedure and compliance documentation.
- Managed 15+ concurrent client matters simultaneously, maintaining deadline adherence and file integrity across complex, multi-stakeholder processes.

EDUCATION

LL.B. in Law — Law and Economics Track | Universidad Pontificia Bolivariana (UPB) *2019 – 2025*
Medellín, Colombia · Graduating 2025

- Thesis: "Financial Regulation, Market Concentration, and FinTech Innovation in Colombia" — Law and Economics methodology. Comparative regulatory analysis of Brazil, Singapore, and the United Kingdom. Original analytical frameworks: TIRS (Technology-Induced Regulatory Stress) and MAR4D (Multi-Actor Regulatory Dynamics).
- Relevant coursework: financial regulation, corporate law, M&A legal framework, administrative law, contracts, constitutional law, law and economics methodology, competition policy.
- Legal Clinic (2023–2024): regulatory procedure, administrative appeals, and compliance documentation before Colombian government entities.
